## IEEE Serbia and Montenegro SB Section Congress

IEEE Serbia and Montenegro SB Section Congress for the first time will be held on May 16 and 17, 2007 in Čanj, Montenegro. The congress will be organized during the 47<sup>th</sup> International Electrical Engineering Student Gathering "**Elektrijada 2007**".

**Elektrijada** is the perfect place for SB Section Congress and unique opportunity for IEEE spirit promotion. The congress will be a great chance for all IEEE student members and new potential members, those who are interested in IEEE activities to meet, socialise, and attend talks about different topics. EESTEC – Electrical Engineering European Association representatives will also take part in congress. We expect IEEE and EESTEC members from Beograd, Nis, Podgorica, Sarajevo, Banja Luka, Mostar, Rijeka, Zagreb, Ljubljana, Maribor, Skopje and Novi Sad.

The congress schedule includes these topics:

- IEEE SB activities in 2007, brief report
- IEEE – EESTEC cooperation
- Information about the projects to come
- Initiatives for set up of SB Podgorica, and reactivation of SB Nis
- SB regional cooperation
- Region 8 SBC 2008

**Elektrijada** is annual gathering of electrical engineering students with 47 years tradition. It is usually organized in May at one of the most beautiful tourist centres in South-eastern Europe. This year the host is the *Pearl coast* - Čanj, Montenegro. It is expected that there will be around 2000 students from more than 20 Universities all over the Europe, mostly from Serbia, Montenegro, Bosnia and Herzegovina, Slovenia, Macedonia, Croatia, Bulgaria, Switzerland, Turkey, Germany, Romania and some other European countries.

**Elektrijada 2007** is actually one big and very important competition between students from different Universities in three fields: science, sport and having fun. All Universities that are competing in science (14 fields) and sport (7 fields), are running for the General winner in Science, General winner in Sport, and for the overall General winner of Elektrijada. Furthermore, presentations of interesting student projects, discussions about popular topics relate to new trends in Electrical engineering, company presentations, different meetings, are also organized during **Elektrijada**.

The official web page of this event is: [www.elektrijada.com](http://www.elektrijada.com)

**For further information and notification of participation at SB Section Congress you can use e-mail: [dumnic@uns.ns.ac.yu](mailto:dumnic@uns.ns.ac.yu)**
